CS352: Phase 3 – NM^3, Game To Gain

Daily scrum meeting

Contents

Daily scrum meeting

Meeting # 1:

Done requirements

All Team members: Read the requirements document.

All Team members: Search about spring boot frame work.

What will be done today

All Team members: Choose the architecture that will be used in the project.
All Team members: Put the overall plan for the project.
All Team members: Assign some initial tasks over the members.

Current obstacles

All Team members: Have no experience in dealing with spring boot and services.

CS352 – CU – FCI – Software Engineering II – 2017 – Daily scrum meeting template
Prepared by Eng. Mohamed Samir. Approved by Dr. Amr Kamel

4

Daily scrum meeting

Meeting # 2:

Done requirements

Michael, Nada: Implement Login Controller.

Mina: Download html and CSS templates for login, signup, student homepage and teacher homepage.

Monica: Building Models using crude repository and Implement its services.

What will be done today

Michael, Nada: Implement Register Controller.

Mina: Search about thymeleaf and learn how to connect the views with the services using thymeleaf.

Monica: Watch videos about how to connect a spring boot project with any nonvolatile database.

Current obstacles

Monica: Errors in some dependencies in pom.xml file related to the built in database.

Daily scrum meeting

Meeting # 3:

Done requirements

Michael, Nada: Finish Login and Register Controller.

Mina: Know how to connect the views with the services using thymeleaf.

Monica: Done with the built in database.

What will be done today

Monica, Nada: Search how to connect with a nonvolatile database.

Mina: Download templates for Create course, Create and Play game.

Michael: Implement Create Course service.

Current obstacles

Monica, Nada: Resolving issues related to connecting to a database.

Daily scrum meeting

Meeting # 4:

Done requirements

Nada, Monica: Connecting to mysql database.

Mina, Michael: Templates for Create course, Create and Play game are now downloaded.

What will be done today

Nada, Mina: Connect the services with the templates to show all courses.

Monica, Michael: Implement service Create game.

Current obstacles

All Team members: Facing issues with passing parameters from views to services and vice versa.

Daily scrum meeting

Meeting # 5:

Done requirements

Monica, Michael: Implement service Create game.

Mina, Nada: Done with show courses functionality.

What will be done today

Monica: Implement service Play game.

Michael: Start testing with selenium.

Nada, Mina: Connect all the views with the services.

Current obstacles

Michael: The URL of the services does not change which affects the testing.
